

INTRO

What passages of scripture are you currently reading in your own time? What kind of questions do you ask yourself when reflecting on those passages?

DISCUSSION

1. What benefits come from being quick to listen, slow to speak and slow to become angry? How can we accomplish this?
2. Why do you think Jesus didn't practice human anger?
3. What is a passage of Scripture that changed the way you behave?
4. Reading James 1:27, do you think you do a good job doing both things? Or do you do one better/more than the other?

PRAY

Pray for each other.
