

EXODUS

SMALL GROUP GUIDE | JANUARY 21, 2024

INTRO

Mike talked about contemplating his own death when he visited the church with the cemetery attached to it. Do we talk about death too much or too little as a culture?

What would be the benefits of having a church with a cemetery attached?

DISCUSSION

1. Mike's first point was about Exodus 24 pointing to the Last Supper. Go through the text and look at the places where you see this to be case.
2. Mike's second point was that Exodus 24 is the basis for our Sunday morning gatherings. Do you agree or disagree?
3. Do you think physical attendance at a worship service is essential? Important? Optional?
4. What has been your history of church participation? How has it changed over time?
5. What is the part of the service that you connect with the most?
